

PROFESSIONAL TUNE UP

LinkedIn Tips and Head Shots

Join us for a night of fine tuning your professional profile. We will have a presentation on how to create/update your LinkedIn profile.

Plus, dress in your best as we also have a professional photographer on site to take a professional head shot, which can be used in your profile.

Come meet and talk with other Insurance Professionals, find out what works within our industry.

Remember, you are a reflection of not only your professional self, but your employer as well.

Cancellations made after July 8th will be invoiced.

Insurance Associates of Fresno

Let us help you
develop your
"Professional"
Profile
